

“Politically correct”

Slavery

The attributes of God are infinite.

His patience with deliberate willful evil is not.

Diabolical “political correctness” yields the deadly violence of “pro-choice” advocates.
“Pro-choice”: the willful denial of birth to an innocent unique defenseless human being.

Formerly a prosecutable offense, when America’s law embraced God’s law.

The prosecutable appealed to SCOTUS and the sanctity of the womb was destroyed.

God’s laws became irrelevant and all things sacred were attacked with a vengeance.

Deliberate willful evil took hold of America and became “politically correct.”

Deliberate willful evil cloaked in trendy euphemisms, readily embraced by the gullible.

Depleting the moral strength that was the America, that formerly embraced God’s law.

The advocates of deliberate willful evil are giddy with success, destroying all things sacred.

They erroneously believe they are a power unto themselves, answerable to no one.

However, in denying the humanity of any human being to profit, politics, convenience...

.....or indifference is to deny the very humanity we claim for ourselves.

America, in denying their freedom to be born has denied its own freedom to live free.

Americans have “chosen” to become the slaves of the advocates of deliberate willful evil!

The advocates of deliberate willful evil are the dictatorial political party in Massachusetts.

They are the enemies of God and the freedoms of those they rule over.

Massachusetts is the model for America, for the advocates of deliberate willful evil!

America, pagan and perishing, Massachusetts leads the way.

There will be no denying culpability before Almighty God.

Claiming gullibility will be a useless defense.

Exterminated millions will receive justice.

The gullible refuse to believe.

They prefer evil.

“Will the Son of man find any faith on Earth when He returns?”

***Those who govern and willfully deny freedom to persons not yet born
can and will absolutely deny freedom to persons already born.***

**“Political correctness” is their perfect tool.
It is working perfectly!**
